

This presentation will enable the audience to learn the basics of conflicts along with the how's and why's.

Quickly resolving conflicts can be the difference between success or failure as a business professional. Working together with a loved one to solve small differences, before they escalate and become a major source of discord, is key to having and maintaining a healthy, happy and loving relationship.

In life, conflicts are inevitable. Everyone has different goals, different values and different perceptions on an endless variety of issues and situations.

“NOT EVERYTHING THAT IS FACED CAN BE CHANGED. BUT NOTHING CAN BE CHANGED UNTIL IT IS FACED. “– James Baldwin

This fun, energetic and interactive presentation will give insight on why conflicts occur, how to recognize a conflict and, most important, the steps to resolve the conflict before a project is ruined. A friendship is damaged or a marriage ended.
