2022 Youth Leadership Program (YLP)

If your kids like show & tell, they will love this.

We think it is great that a kid can learn to do the “New Math” in school, but who is teaching them to tell a story that has a beginning, middle and end, that holds the attention of their peers, parents and college recruiters?

Well-liked effective communicators all seem to have the following skills in common: empathy, active-listening, and organized vocal variety; moreover, it is not a coincidence that those who can tell their story seem to be more liked by others.

Program Details

Kids will not be forced to participate if they wish to be more passive.

However, we like to structure the classes so that it's more fun than a strict regimen and, the kids will naturally want to participate.

All kids will be receiving a certificate of completion at the end of the program.

We will have a ceremony on the last class August 9th with all kids, where a few chosen volunteer children will give a speech in front of the parents and the community. This will demonstrate what the children have accomplished within the eight weeks.

For additional information you can call us at 704-765-6287 or email tegrimm5@gmail.com and, one of our club officers will get back to you.

We look forward to seeing you soon.

President of Toastmasters of Waxhaw (2021-2022)
